

Concentrated and powerful glass cleaner formulated to meet your toughest cleaning challenges

PRODUCT DESCRIPTION

Sustainable Earth® Glass Cleaner Concentrate (SE61) is a safe, versatile, environmentally responsible product that does not sacrifice performance. It is a highly concentrated glass cleaner that dissolves, suspends and removes soil from glass, Plexiglas®, windows, mirrors, walls and other surfaces not harmed by water. Leaves no residue. Helps prevent re-soiling. It can be used as a spray and wipe glass cleaner or with a sponge and squeegee method. This product is designed for use with ExpressMix™ and HandyMix™ dispensing systems.

FEATURES

- Highly concentrated to reduce waste and lower end use costs
- Effective on both oil and water based soils
- Leaves no sticky or soapy residues to attract soils and leave streaks or smudges
- Versatile formulation cleans windows, glass, acrylics, Plexiglas® and other sensitive surfaces
- No unpleasant ammonia, vinegar, alcohols or glycol ether odors to irritate nose, throat, respiratory systems or trigger asthma
- Contains less than 1% VOCs
- Meets Green Seal GS-37 performance standards
- Outperforms nationally recognized products in its category when tested using CSMA Designation DCC-09 Cleaning Performance Test
- Meets SEGC 114 Sustainable Cleaning Product Design Standard
- One gallon of SE61 Glass Cleaner Concentrate when diluted at 1:128 with cool water makes 129 gallons of ready-to-use glass cleaner

PACKAGE SIZES

Item #	Description	Size	Units per case
SEB6101	SE61 Glass Cleaner Concentrate	Gallon	4
SEB6102QM	SE61 Glass Cleaner Concentrate, Quick Mix®	Gallon	4
SEB6104HM	SE61 Glass Cleaner Concentrate, Handy Mix™	Half Gallon	3

Performance Data

Dilution Ratio 1:128

CSMA DCC-09 Cleaning Performance Test	Passed
Normal soil removal	Excellent
Removal of fingerprints from glass	Excellent
Wetting characteristics	Excellent
Windshield wash performance	Excellent
Prevention of fogging	Excellent
Grease and oil removal	Very good
Damage to Plexiglas®	None observed
Films, streaking or residues	None observed

Productivity in your hands.

Usage Information

1. Apply glass cleaner directly onto surface.
2. Wipe clean with a soft, lint-free cloth, paper towel or squeegee.

Physical Data

Physical Form: Clear, blue liquid

Odor: Low

pH Range: 9.0 to 10.5

Foam Level: Low

Concentrated: Reduces package waste

Shelf Life: 2 years minimum in unopened container

Freeze/Thaw Stability: Excellent

Solubility in Water: Complete

Dilution Ratio: 1:128

(One gallon of concentrated SE61 Glass Cleaner make 129 gallons of ready-to-use high performance glass cleaner.)

About Sustainable Earth®

A sustainable cleaning solution contains products that perform and have a reduced effect on the environment and human health. Corporate Express believes that a sustainable community should use its resources to meet current needs while ensuring adequate resources are available for future generations. These guiding principles motivated us to create our Sustainable Earth® line of products.

Certification Definitions

Current environmental and sustainable standards are based on a process that may take a long time to complete. For cleaning products not included in the current environmental standards, Corporate Express has adopted the SEGC-114 Sustainable Cleaning Products Design Standard. This industry-leading proprietary standard raises the bar by examining each product's innovation and identifying packaging and product prerequisites, as well as outlining preferred product testing methods. The following chart details the Sustainable Earth® cleaning products' environmental certifications to date.

The U.S. Environmental Protection Agency's Design for the Environment (DfE) program seeks to promote the use of institutional cleaners and maintenance products with improved environmental and human health characteristics. Products displaying the EPA DfE logo have been "Formulated in Partnership with EPA Design for the Environment Formulator Initiative".

Green Seal certification to GS-37 Environmental Standard is awarded only after rigorous evaluation, product testing and an extensive manufacturing process audit and plant visits. Products earning the Green Seal certification meet Green Seal's environmental standard for industrial and institutional cleaners based on their reduced human and aquatic toxicity and reduced smog production potential.

All plastic containers used in packaging products display the Society of Plastics Industries' three sided triangular arrow to make recycling easier. The majority of our containers are readily recyclable and classified as: 2:HDPE (High Density Polyethylene).
